At midnight the full national committee had ratified the action of the sub-committee in the Mississippi, South Carolina and Alabama contested election cases. It can be safely predicted that the action of the sub-committee in the other cases will be affirmed.

MINNEAPOLIS, June 6 — The sub-committee on credentials of the national committee has been busy all day. The contest between Harrison and Blaine seems to be
growing so close as to make it a possibility
that in the decisions of the committee on
contests may rest the party nomination.
The Harrison fight in the committee today
was a losing one. His managers had been
counting on an almost solid support from
the southern states. In Alabama were
they especially hard hit, the antis capturing all but three of the contested seats.
The contests have been unusually bitter,
and the committee has found its task a
hard and difficult one.

The Harrison men are angry at the way
in which the contests have been decided

In which the contests have been decided and at the outlook for the undecided ones. They complain that everything is going against them and threaten to make a fight on the national committee all along

The first contest decided today was from Utah, in which the regular or anti-Salt Lake Tribune faction won. This gives Blaine two more votes.

The committee also decided, against the protest of Chairman Brady of Virginia, to recognize the anti-Mosely crowd from Alabama. In most of the contests the struggle in the sub-committee was earnest, but Messrs. Conger of Ohio and Filley of Missouri outsumbered the chairman. Chairman Brady will submit a minority report. The fight in Alabama grew out of the fact that one wing of the party refused to inct that one wing of the party refused to mently ith the other, and the defeated men claimed that they should be seated as having held the regular state convention. They are bitter over their overthrow and said that it was due to a deal, by which their opponents agreed to vote for Blaine. The "reform Republicans," as the party opposed to the regular delegation from South Carolina headed by Webster, Crum-and Bravton, sivile themselves, have not

and Brayton, style themselves, have not the full committee, they will appeal to the full committee. They say that they are Blaine men, and urge recognition on the ground that they are "the white man's and respectable colored man's party."

The Blaine men secured man's party."
The Blaine men secured another victory in Louisiana, where the contest was between factions headed by ex-Senator William Pitt Kellogg and ex-Governor Warmoth, The Kellogg delegation apeared as the regular one and was seated.

Wright Coney, the colored national committeeman from Texas, gained a victory over his competitors, known as the "Lily Whites." The latter were elected by a convention of whites which excluded negro representation.

The other contests decided tonight were

jusignificant, except that in the Seventh Georgia district, the committee deciding to give the Hill delegates the seats, and not to sert the Lynch or officeholders as decided heretofore. The result of this contest was also favorable to Blaine.

Thomas C. Platt evidently has control of affairs in New York, for the meeting of the delegation this morning went along smoothly and was almost a love feast, things going through cut and dried. All the members of the Big Four were present. various convention committees. The surprise of the day has been the unexpected strength which the Blaine fac-tion has demonstrated in the Ohio delegation. It had been generally understood that of the 45 votes of the Buckeye state Harrison would get nearly three fourths. The first test vote took place over the selection of a member of the national committee. Mr. Hahn was the Harrison candidate and Colonel Lemon the Blaine man. Hahn was pleased by the supersincip.

Hon G. A. Grow was absent and it is uncertain how he will vote. The well-known ex-president of the tariff committee of '883, Hon. Henry W. Olver, of Pittisburg, will vote for Sherman. Senator Quay was elected chairman of the delegation by acclamation.

The most decisive Blaine victory of the day was in the defeat of the Harrison delegates at the meeting of the Tennesses delegates at mining a mining and handkerchiefs, which, if anything, surpassed that which was given to Bhaine.

The entertainment closed about 10 o'clock, with the singing by the andience of "America."

Judge Spence contradicted him and
claimed if a split occurred in the party it
would be due to Blaine, who, in his old
age, after a glorious life, had yielded to the
blandishments of a parcel of selfish political bosses.

The caucus was now in an uproar, and the Haine men, shouting and cheering for their favorite, made such a showing of strength that the Harrison men surrendered and let their opponents have full

swing. Charles DeYoung moved, as the sense of he caucus, that a committee, composed of one member from each delegation represented be appointed for the purpose of embodying the wants of the meeting in the form of a resolution, to be presented to the committee on platform.

The motion carried with a tremendous hurrah and the committee was appointed.

THE HOOSIER PACTIONS.

At half past nine this morning the anti-Harrison delegation from Indiana arrised, and at once proceeded to the West hotel, bearing aloft a banner bearing a picture of Blaine and the announcement that Indiana was by no means solid for Ben. Their arrival was the signal for one of the most dramatic and sensational occurrences of the convention. The sight of the banuer of the delegation was like shaking a red ing before a bull as far as the Indiana Ha sonians, lost all control of himself, "Haul it down!" he shouted, "cut it down!" The suggestion was enough, and forward darked one of his followers and slashed vigor-ously at the banner. It was a little girl who came to the rescue at this juncture.
